

Elasticoat is cost effective when compared to Cast Stone

- Looks & feels like real stone
- Easy invisible repair; A simple respray/ touch up if required
- Environmentally friendly
- Lightweight; easy to move and install
- Long lasting, robust & removes weight restriction problems
- Available in many colours
- Reduces reliance on natural resources
- Cost effective alternative to cast & natural stone
- No need for skilled trades and easy to apply
- Easy to store & transport
- No heavy lifting equipment required
- Increases the perceived value of your building
